WARRANTY

Should any original component incorporated prove defective — in terms of material or workmanship — within its warranty period, Falcon Cycles will replace it. This warranty does not include labour and transportation charges. It is limited to the replacement of the defective component without charge. The company can accept no responsibility for consequential or special damages. This warranty applies only to the original retail purchaser who must produce proof of purchase in order to validate any claim. This warranty applies only in the case of defective components and does not cover the effects of normal wear or damage caused by accident, abuse, excessive loads, neglect, improper assembly, improper maintenance or the originality of any item inconsistent with the originally intended use of the bicycle. No bicycle is indestructible and no claims can be accepted for damage caused by improper use, competition use, stunt riding, ramp jumping, leaping or similar activities. Claims must be submitted through an authorised Falcon dealer. Your statutory rights are not affected by the foregoing. Our bicycles are independently tested by the British Standards Institute Testing Services in Hemel Hempstead and conform to BS6102/1. Falcon Cycles reserve the right to change or amend any specification without notice. All information and specifications presented within this brochure are correct at the time of going to press.
